

Mango Mist™

Leave-in Panthenol Hair Treatment

MANGO MIST is a “mist it on – leave it on” hair treatment, specifically formulated to combat split ends, control tangles, add shine, improve combing, and protect against UV and other environmental damage.

Sizes	Product Codes
60 ml	M488
375 ml	M485
1 Litre	M486

features and benefits

- Rapidly penetrates inside the hair shaft to correct, restore, and moisturize.
- No residual build-up – leaves hair in its natural looking state.
- Effective even on baby fine hair – provides weightless volume.
- Controls static electricity – avoids fly away hair.
- Panthenol enhanced to combat split ends and other hair damage.
- UV protection to help minimize damaging sun rays.
- Excellent cutting lotion – makes the hair smooth and easy to handle and cut.

usage

Shampoo with any salon quality shampoo, rinse and towel dry. Spray hair with MANGO MIST and comb through. Work into porous hair ends. DO NOT RINSE OUT. Style as usual. Can also be used on dry hair. Use daily, after shampooing, or as often as desired.
