

Medi-Dan®

Dandruff Treatment Shampoo for Hair and Scalp

MEDI-DAN is a clinically proven shampoo effective in the treatment of both dandruff and psoriasis. The unique MEDI-DAN formula works to relieve the symptoms associated with seborrhea.

Sizes	Product Codes
350 ml	M270
1 Litre	M275

features and benefits

- **MEDICALLY PROVEN FORMULA.** Registered as a pharmaceutical product and assigned a DIN number. Clinically tested by Dermatologists.
- **TRIPLE ACTION:**
 - Salicylic Acid rids the scalp of unsightly flakes and scales caused by dandruff and seborrhea.
 - Polyoxyethyl Ethers deep cleanses by dissolving and emulsifying excessive sebum secretions and dandruff build-up.
 - Coal Tar Solution controls scalp itch often associated with persistent dandruff and seborrhea.
 - Benzalkonium Chloride provides an anti-bacterial barrier to protect the newly cleansed, tender scalp.

usage

Massage a small amount of MEDI-DAN into wet hair, being sure to penetrate down to the scalp. Rinse with warm water. Reapply a larger amount of MEDI-DAN, work into a copious lather and gently massage into scalp. Leave for 3 minutes. Rinse thoroughly with warm water. **REGULAR USE IS ESSENTIAL FOR EFFECTIVE RESULTS. USE AT LEAST TWICE WEEKLY UNTIL DANDRUFF IS CONTROLLED.** Finish the MEDI-DAN shampoo treatment with MEDI-MOIST® peppermint menthol moisturizing conditioner. MEDI-MOIST leaves hair smelling fresh, adds body and shine, and provides cooling relief for irritated scalp.
