

Medi-Moist® Conditioner

Peppermint Menthol Moisturizer for Hair and Scalp

MEDI-MOIST is a unique dermatological formulated, to moisturize and condition hair and scalp. Although MEDI-MOIST can be used as a conditioner following the use of all salon quality shampoos, it was designed specifically for use after every MEDI-DAN® dandruff treatment shampoo application.

Size **Product Code**
175ml M472

features and benefits

- Specialized, water-based formula features a unique dual action to treat both hair and scalp:
 - For the hair: Moisturizes and conditions. Provides body and volume. Adds shine and controls tangles.
 - For the scalp: Medicates and stimulates. Controls itchy and oily scalp. You can feel the action!
- Oil and wax free. No greasy build-up or limp, lifeless hair.
- Mahdeen advanced technology has developed MEDI-MOIST Complex, a highly effective blend of sixteen organic ingredients which combine to banish dry hair and flaky scalp without the use of oils or waxes.
- Blended menthol and peppermint cools, refreshes, stimulates, rejuvenates and medicates scalp. Counteracts any residual "coal tar" odour left by MEDI-DAN Dandruff Treatment Shampoo.

usage

Shampoo with MEDI-DAN or other salon quality shampoo. Rinse thoroughly. Work MEDI-MOIST evenly through moist hair, gently massage into scalp. Leave for about 3 minutes. Rinse thoroughly with tepid water. Use after every MEDI-DAN dandruff treatment or daily after every salon quality shampoo.
